It is a really budget friendly and also obtainable point to buy *A Field Guide To Demons, Fairies, Fallen Angels And Other Subversive Spirits By Carol K. Mack, Dinah Mack* But, with that said very inexpensive point, you can get something new, *A Field Guide To Demons, Fairies, Fallen Angels And Other Subversive Spirits By Carol K. Mack, Dinah Mack* something that you never ever do as well as get in your life.

## Amazon.com Review

The Macks divert our gaze from our contemporary red-faced, cloven-hoofed misrepresentation of demons to remind us of the ancient roles demons were originally assigned to play. From the Tommyknockers of North American mountain mines to the South African Mbulu that waits in the river for lone travelers, *A Field Guide to Demons* classifies these creatures by their domains--water, mountain, forest--rather than in alphabetical or cultural order, dishing out antique and contemporary lore on these most misunderstood of spirits. *A Field Guide to Demons* melds folklore and mythology; maintains a surprisingly evenhanded view of demons; and reveals their role as the necessary challenger to established order, the antagonist--without which there could be no hero--and the darkness through which goodness shines brightest. --Brian Patterson

## Review

"A round of applause for this demonic cast of characters . . . They let us glimpse other people's demons, and many of our very own." ?Anna Deavere Smith, author of *Fires in the Mirror*

"An array of the most dreaded demons mythology has to offer." ?Robert L. Carniero, Curator of South American Ethnology, American Museum of Natural History

## About the Author

Carol Mack is an award-winning playwright with a master's degree in religious studies. Her daughter, Dinah Mack, a writer, earned her master's degree in cultural anthropology.

# **A FIELD GUIDE TO DEMONS, FAIRIES, FALLEN ANGELS AND OTHER SUBVERSIVE SPIRITS BY CAROL K. MACK, DINAH MACK PDF**

Watch your back! . . . How to spot and identify demons and other subversive spirits . . . And what to do next.

Demons, fairies, and fallen angels are everywhere. They lurk at crossroads, crouch behind doors, hide in trees, slip into beds, wait in caves, hover at weddings and childbirths, disguise themselves as friends, relatives—even disguise themselves as you. They are powerful; they are protean; they are enchanting. And, to the uninformed, they are often invisible. This illustrated guide—the first of its kind—reveals the remarkable permutations of the demon and fairy species worldwide. Packed with lore about each demon, detailing its origins, the culture surrounding it, and its reputed antics and exploits, *A Field Guide to Demons, Fairies, Fallen Angels, and Other Subversive Spirits* is a fascinating exploration of global mythologies. Perfect for the armchair traveler and the intrepid, seasoned demon-spotter alike, this complete guide to subversive spirits offers a behind-the-scenes look at the devilish mishaps, impish irritations, and demonic devastations that punctuate our lives.

Forewarned is Forearmed

By A Customer

This is a great reference work: useful, accessible and well organised. The demons, fairies and other mythical beings featured in this book were taken from the legends and folklore of several cultures and they are grouped according to their place of residence: water, mountain, forest, desert, domicile and psyche. Each chapter includes a short description of the creature's appearance, habits and preferences; one of two stories of encounters with it; and a section on disarming and dispelling techniques.

This guide includes some fascinating creatures, such as the Japanese Kappa and its surprising eating habits, the helpful and friendly Norwegian Nisse, the extremely fragile Australian Mimi, and the Chinese Madame White, who gives a whole new meaning to the expression femme fatale. Some better known beings like mermaids and werewolves are also featured. The Macks' writing style is clear and engaging, sometimes tongue-in-cheek but never disrespectful to other cultures. The detailed information on how to deal with these creatures is particularly useful; if you ever encounter any of them you'll know what to do to be able to tell the tale.

Casual entertainment

By Megan Knouff

Though the serious researcher or folklorist won't find much new content here, it's a fun and easy read with a unique format and a wide variety of entries. Most of the entries have associated stories, and some wonderfully unexpected things turn up (yes, Jung's Shadow is identified herein). And for that serious researcher? The bibliography is priceless, and I will probably go bankrupt amassing it. Do not, however, confuse this with an occult volume. This is simply legend and folklore.

Great Reference Book

By Ursula K. Raphael

You could spend lots of money on all kinds of folklore & mythology books, and still not have as much information on the "darker entities" as this book.

Each entry is very detailed with description, habitations, sightings, etc.

I think this book would make a great gift for anyone interested in the supernatural, or even RPG GM's looking for new ways to torture their players... ;)
