A VICTORIAN FLOWER DICTIONARY: THE LANGUAGE OF FLOWERS COMPANION BY MANDY KIRKBY PDF

“A flower is not a flower alone; a thousand thoughts invest it.”

Daffodils signal new beginnings, daisies innocence. Lilacs mean the first emotions of love, periwinkles tender recollection. Early Victorians used flowers as a way to express their feelings—love or grief, jealousy or devotion. Now, modern-day romantics are enjoying a resurgence of this bygone custom, and this book will share the historical, literary, and cultural significance of flowers with a whole new generation. With lavish illustrations, a dual dictionary of flora and meanings, and suggestions for creating expressive arrangements, this keepsake is the perfect compendium for everyone who has ever given or received a bouquet.

Dictionary of Flowers

By M. Callan

This is a lovely little book. However, I wanted more pictures of more flowers. I also would like a few more definitions.

4 of 4 people found the following review helpful.

Disappointed

By Zither

Disappointed. I had hoped it would contain all the flowers in the list at the end of *The Language of Flowers*. It only contains 50 out of the couple of hundred in Diffenbaugh's list.

6 of 6 people found the following review helpful.

A Decent Modern Flower Dictionary

By Sarah

I bought this flower dictionary after reading "The Language of Flowers." My interest in floriography had been piqued by the novel and I was eager to memorize the meanings behind as many flowers as I could.

The book took about 12 days to reach me. I was excited to flip through the first 50 illustrated flowers, but parts of their descriptions lacked something. Rather than learning about the poetic meanings behind the flowers, I was informed of rather boring practises that took place hundreds of years ago. My only complaint would be such. Other than that, I adore the flower dictionary and use it regularly.
