Lexington to Memphis. 400 Miles. Thirteen hours. If you make it, you'll earn a quick \$100,000. If you fail, a city dies! A Car Wars adventure for 1-6 players. Or you can go it alone if you feel brave enough. Warning: Convoy cannot be played by itself. You must have the Car Wars game to play. The "Truck Stop" supplement is helpful, but not necessary.

Great adventure for Car Wars players.

By Chris

This is one of the few adventure books written for the Steve Jackson game Car Wars and it is pretty darn good. I didn't get the chance to play with many others with this game but with this adventure it is laid out in a way that it is very playable as a solo adventure. You can make your own car(s) and use them but there are default ones included and they are pretty darn fun to play as well.

In this resurgence of gaming I am looking forward to Mr. Jackson making the 6th (I think?) edition of this game.

This is an old book, I played mine back in the late 80's when it was much newer. Some of the ideas about cars back then were fun but in hind sight it was really made for the era of heavy steel cars running electric motors and plastic armor. Still worth the time and money if you are looking at playing a bit of Car Wars.
