The Ending...

By Lorrie

Ok, please have tissues, yes a lot of tissues as you read the conclusion of Kyle and Lee's story. If you have not read the series yet, grab the first three books now and read them first cause this book was EPIC!! The conclusion, the finale... Oh holy GAWD... You'll not believe what happens in this book and you will need tissues, seriously!! I had to use my shirt for all my tears cause I did NOT want to get up from my couch at all throughout this book, my blanket became my tear soaker, too. Once I started this book I did not put it down except for popping stuff into the microwave for supper, and a bathroom break. As much as I love Kyle, Derek also has a very big piece of my heart, I love that guy and all his support for both Kyle and Lee this

time around. When they needed him he was there standing strong and holding the family together as much as he possibly could because Kyle and Lee were in such a bad way. He made me so damn proud, that Derek (kisses for you, Derek :) ) I remember at 9% of the book I wanted to go and comment on Chloe Walsh's Facebook page about what I thought of her book, again at 12%, 20% and finally I did around 30%, I just couldn't stand it anymore. I had to tell her... WOW... This book is... Just WOW!! Forever We Fall is by far the best one she has written. Please don't get me wrong because I absolutely LOVE all the other books but this one... I can't even tell you how much I love this book, my words just can't do it justice. I don't want to ruin the story but all I can say is that my heart broke for Kyle, Lee, and Derek, especially Derek. I recommend this series to anybody who loves heartbreak, gut wrenching, heart stopping heartbreak only to be put back together again roller coaster ride books these are for you. Grab them and hold on for a very bumpy ride, you will not be disappointed. Now to everyone who has read the other books grab this book, sit down and get into because you will not believe what happens with Rachel, Tracy, David and all the others. Chloe, you did amazing!! Thank you for your words and especially a great big THANK YOU for bringing Kyle and Derek into my life. They will forever be my favourite book men, thank you!!

An amazing ending to this series!

By chrissyfc

What a heartbreaking and emotional series! Forever We Fall is the last book in the Broken Series by Chloe Walsh, and this was by far my favorite book in the series!

Forever We Fall starts where Fall On Me ends, and this book is 100x more emotional than the previous books in the series. This book WRECKED me! I have become so emotionally involved with Lee and Kyle's story, that I wasn't ready for their story to end, nor was I ready for everything these two went through in this book. This book is more intense than the previous books, and a little bit more suspenseful. I was on pins and needles throughout this book waiting for something bad to happen.

In this book the couple is dealing with Rachel's upcoming trial, more secrets, more things coming out of the woodwork, but through it all, these two ended up stronger than ever at the end of their story. Derek was a huge rock for both of them in this book and my heart breaks for him over and over again, I really want Derek to get his HEA one day!

I really thought this book would be more about Kyle and Lee getting their HEA, but of course Chloe Walsh throws many more curve balls at us during Forever We Fall, and it just proves how amazing these characters are. My heart broke for Kyle going through some of the things he went through in this book. I loved seeing Lee in this book and how much she's grown since Break My Fall. She is strong, determined, and fully invested in her love for Kyle. She may be young, but at times in this book she felt like the older of all the characters. She has stopped running, but still is dealing with ghosts of her past coming back to break her.

Seeing Lee start to open up and make a friend was awesome, but the three people that will always be her #1's are Kyle, Hope, and Derek. They are their own little family, and Derek is the brother that Lee never had. He's fiercely protective of her and goes head to head with Kyle when he feels Kyle is out of line with Lee. I loved this about him. When her father re-enters her life and things go horrible, the way Derek stood by her and helped her was amazing. Granted I was NOT happy with Kyle during this period of time, but I understand what he was going through, I just wish he would have TALKED to Lee instead of shutting her out.

A lot of secrets come out in this book, some I wasn't prepared for, some I had guessed, and others that just blew me away. We finally get to see what was in the envelope that Cam left Derek the night everything went down, we learn more about Lee's mother, and more about Kyle's past. Seeing how things could go so wrong

for these two and yet end up so beautiful is mind blowing.

The ending of this book had me in tears! I was bawling! But the epilogue was absolutely beautiful. I kept swiping my Kindle in hopes there would be more, but sadly there wasn't and the beautiful love story of Kyle and Lee is now over.

Once I dived into this series, I knew I wouldn't be able to put it down till I knew how things ended up for Lee and Kyle, and now I wish I would have taken a bit longer to read this series, because I'm empty now that their story is over. I haven't felt as much emotion while reading a book/series in a long time. This book pulled at my heart strings, had me laughing, crying, yelling, falling in love, and biting my finger nails. I am absolutely in love with this series and hope one day we can see these characters more in other books, even though things ended in Kyle and Lee's story, I'm not ready to say goodbye. Definitely pick up this series, and thank you Chloe Walsh for such a beautiful book!
