GIVE ME LIBERTY: A HANDBOOK FOR AMERICAN REVOLUTIONARIES BY NAOMI WOLF PDF

As the practice of democracy becomes a lost art, Americans are increasingly desperate for a restored nation. Many have a general sense that the "system" is in disorder -- if not on the road to functional collapse. But though it is easy to identify our political problems, the solutions are not always as clear. In *Give Me Liberty: A Handbook for American Revolutionaries*, bestselling author Naomi Wolf illustrates the breathtaking changes that can take place when ordinary citizens engage in the democratic system the way the founders intended and tells how to use that system, right now, to change your life, your community, and ultimately, the nation.

Its about time ...

By Yvette Erasmus

It is about time that the subject of liberty, justice, and the silenced American Rebel was brought to public consciousness and discussion in this way. Many Americans are longing for a restored understanding of what true democracy looks like and means, and in this book, Wolf persuasively shows what can happen when normal people, ordinary citizens like you and I, truly engage in the democratic process as originally intended, and how we can use the system in every aspect of our lives and politics. I highly recommend this book for a clear, well thought out, intelligent approach to key issues facing our government and governance today.

Mandatory Reading for Every American Citizen!!

By L.G

I read *Give Me Liberty* cover to cover in one sitting. It's scary. We should all be very concerned about the increasing loss of American liberties Naomi Wolf so eloquently writes about. Raising awareness is the first step and Wolf did this beautifully in the best-selling *The End of America*. What makes *Give Me Liberty*

different and even more powerful is that while it reminds Americans that we are in a precarious political moment, it also reminds us that all of us - you, me, the next door neighbor, our teachers, our students, our mothers and fathers - the everyday citizens going about our lives are powerful and influential agents that can, and should take action. Wolf writes, "history shows that when an army of citizens, supported by even a vestige of civil society, believes in liberty -- in the psychological space that is "America" -- no power on earth can ultimately suppress them."

What I loved best about Give Me Liberty is that it shook me out of my apathy and motivated me to believe again not only in the psychological space that is America, but in the idea that I could actually do something to protect my own freedom and the freedom of the people I love. Wolf's book is timely. It is engaging. It is passionate and it is mandatory reading for every citizen who cares about America and considers themselves a patriot. We need to reestablish our civil society based in liberty immediately and Wolf clearly shows us, step by step, how to do this. This book - this call to arms - should be a staple in our schools and required reading for every American citizen.

Are ya ready ??

By XrayCow

Many "sheeple" may find this book full of conspiracy theories or libertarian style rhetoric but, if you are at all informed about the goings on in America you will be both appalled and captivated by this book ! The nice thing about this books' author is that Ms. Wolf is a LIBERAL !!!! She spells out exactly what is going on and how it has all come to fruition for these authoritarian tyrants who run this country . The book outlines in detail how America has become a police state and how our rights and freedoms have been and are being infringed upon . TERRIFIC READ !!! Kudos to the author , Ms. Wolf I SALUTE YOU !!!

THIS IS A MUST READ !!!!

"Don't blame me , I supported RON PAUL !
