Short But Informative!

By Shirley Priscilla Johnson

I liked this little book by noted author Kenneth E. Hagin.

It has been around for a while but the information in it is always fresh and useful. The author explains in simple to understand text why we as Christian have the right to walk in divine health and if we are attacked with sickness how to free our bodies and be healed. This little book should be in everyone's personal library for reference and refreshing every now and again!

What I love about this book is it substantiates what it says with scripture throughout the entire book.

By QT

Scriptural based book on the subject of healing. It first addresses the question that probably all of us have asked one time or another...why are some healed instantly and others are not...the first chapter is on "When Healing Doesn't Come". I have completed extensive curriculum on the subject of healing and this book is a must for anyone who wants to study the Word of God on the subject of healing. This book covers the two-fold redemption outlined in Isaiah 53:3-5. What I love about this book is it substantiates what it says with scripture throughout the entire book. Ultimately, we have a responsibility to receive our healing and this book tells you exactly what you should do in a very easy, simplistic way that is understandable.
