Mencken: Prejudices: The Complete Series \(Library Of America\) By H.L. Mencken](#), you could additionally locate hundreds lists of the books from several resources, compilations, authors, and also writers in worldwide.

H.L. MENCKEN: PREJUDICES: THE COMPLETE SERIES (LIBRARY OF AMERICA) BY H.L. MENCKEN PDF

Few writers roiled the American cultural scene like Henry Louis Mencken. Pathbreaking journalist, trenchant social observer, and unbridled humorist, Mencken was the most provocative and influential cultural critic of the last century. To read him today is to be plunged into an era whose culture wars were easily as ferocious as our own, in the company of a writer of boundless curiosity and vivacious frankness. In the six volumes of *Prejudices* published between 1919 and 1927, Mencken attacked what he felt to be American provincialism and hypocrisy, and championed writers and thinkers he saw as harbingers of a new candor and maturity. Laced with savage humor and delighting in verbal play, Mencken's prose remains a one-of-a-kind roller coaster ride over a staggering range of thematic territory: literature and journalism, politics and religion, sex and marriage, food and drink, music and painting, the absurdities of Prohibition and the dismal state of American higher education, and the relative merits of Baltimore and New York. Now, The Library of America restores the full text of Mencken's landmark work to print in a deluxe two-volume boxed set, ensuring that new generations of readers can rediscover his one-of-a-kind genius.

Mencken rocks!

By oregonpapa

Not much more can be said about Mencken that Kevin didn't cover in his review. This two volume set replaces a "selected" version that I had in my Mencken collection. I will pass the selected version along to a friend. Mencken is a true word smith in the highest order. He has a way of presenting things that has me rolling on the floor in laughter, pounding my fists on my armchair in anger and shaking my head in disbelief as he exposes tedious frauds, ignoramuses, cheap rouges, hypocrites, and other grasping, selfish, dishonest mammals that are hell-bent on robbing us of the fruit of our labors. For those who aren't familiar with Mencken, I highly recommend this set.

Too much neglected author

By P R Munro

I bought these volumes for a friend and ended up reading almost all of both for myself as we passed them between us. Mencken is a writer whom I had heard mentioned regularly but took him to be more a dated source of witticism than a lasting voice to be heard with respect. These essays and pieces give a fascinating insight into the US political and literary scene in the pre-WWI period and its aftermath. Mencken should be given much more prominence as pungent observer of the society in which he lived and as an interpreter of trends and fallibilities in its governance which continue to dictate patterns of political behaviour.

Excellent companions

By James D. Crabtree

I was largely unfamiliar with Mencken's writings until recently but I decided to take a chance on these two volumes. How lucky I am that I did! These essays are wonderful. H.L. Mencken is a writer I can enjoy without feeling he is talking down to me... intelligent and witty discourse makes his *Prejudices* a engaging and educational at once. Even the format is perfect... well-bound and small, but not paperback-sized. I will be enjoying these for many years to come.
