Great book to use for a 5th grader

By Utah Pete

Great book to use for my home-schooled 5th grader. I use it to supplement other material to teach my son about science. The book skims on important topics. It asks review questions at the end of each chapter. It goes over key vocabulary words from the chapter. I recommend this book.

By Annelle

My daughter asked me to buy this because it's the one they use at school and the teacher gets his test outlines

from it. She enjoys reading it outside of class because it's so interesting and doesn't want to lug it home. Any textbook a 13 year old "wants" to read must be good
