Don't buy this book!

By M. Connor

I only gave this one star because I couldn't give it zero. I can't believe that I was crazy/desperate enough to try this. All it did was dry my lips out (to the point that they peeled, twice!) and make the angular cheilitis even worse. I finally came to my senses and went to the doctor.

Don't waste your money!!!

By Readsalot

I honestly think this was written as a prank. I think it must be written by the same author as the one online with the crazy idea for getting rust out of your bathtub! Glad I didn't spend any money on this. Someone is trying to make a quick buck
