By Kate Nicole

This book was for my niece and my brother and sister in law and I all absolutely adore it! It is a very very sweet book and the bear is the perfect size for my nieces small hands! I love the story and the illustrations and I am planning to buy more books by this author/illustrator.

VERY CUTE!!!!!!!

By TheMilkman

This book is adorable. I love how it came with the cute little bear. My son carries it around everywhere. Although each page has only few words, i think it did a great job on getting to its point. Many young toddlers wont just sit and listen to long sentences in a page and rather flip the pages over (like my son) and its enough time for each page for me to read thru until he wants to see the next page. i would recommend this for 1st time books for babies

She's only one and has been in love with it since she was about four months old

By Molly De Boe

My daughter just LOVES her tiny little teddy bear. She's only one and has been in love with it since she was about four months old. She has liked books since she was about three months old, so the duo is perfect. The book is super cute and very durable. I can't let her chew on it but she can check it out. This was a fantastic purchase.
