Grade 1–3—Rhyming text in the first and third person relates the daylong job of the big yellow vehicles as they head out into traffic, pick up passengers, drop them at school, provide transportation for trips, and deliver children back home at day's end. The repeated phrase "I'm your bus" injects a personal touch, as does the integration of children's names into the rhyme. Polenghi's digital media illustrations have bold colors and strong black lines, and his jovial anthropomorphizing of the oft-unheralded school bus brings a friendly demeanor to the pages. While there may not be a heavy child demand for books about these vehicles, they are a daily presence in children's lives whether in cities, suburbs, small towns, or rural areas, and this picture book may lift appreciation of them.—Barbara Elleman, Eric Carle Museum of Picture Book Art, Amherst, MA END

Book was better than I expected. This book was in great condition. The only "thing" that could be construed as a flaw is the library stamp. It doesn't bother me. :-)

Thank you for this book. If I didn't buy this one, I don't think OUR library would have gotten theirs back.
