Arrived timely fashion

By Daniel_Burkhalter

Arrived on time. no damage sustained during delivery.

I honestly don't remember buying this book but it looks like it was for an interpersonal communication course? I did very well in the class, but I do not remember reading as much of the book as I should have. I believe obtaining this book as an E-book would be much better idea than buying it, unless you intend to take notes or if you intend to do the little assignments at the end of each chapter (if i remember correctly, there are team building exercises).
