# JO RAMIREZ: MEMOIRS OF A RACING MAN BY JO RAMIREZ PDF

Foreword by Sir Jackie Stewart. Jo Ramirez is one of the best-liked and most respected Formula 1 personalities of recent years, and is held in high esteem both inside and outside the Grand Prix paddock. Here is his personal account of his life in motor racing, told with humor, warmth and joy, and providing an honest insight into the highs and lows of a career that saw him work with many of the sport's greatest heroes, although he is perhaps best known for his many years as Team Co-ordinator at McLaren, including the legendary Prost/Senna era. A compelling story that will delight all fans of motor racing.

Well told insider's view of racing over 40 years

By Bob G

This is a fun, informative look inside auto racing a 40 year period, starting in Mexico but mostly in Europe. It's properly titled memoirs rather than autobiography. Ramirez is generous and amusing in his tales about almost everyone in the book. He's too modest about his own role. For many pages in the 2nd half of the book it I wanted to know more of what Jo was doing and what the experience was like. The 2nd half also drifts a bit far into celebrities & parties. That plus too little introspection held the book short of 5 stars to me. Jo lived with racing's high level of fatalities in the first 20 years of the book. It must have been traumatic to take care of the broken Tyrrell after Francois Cevert's fatal accident. He honestly portrays each event. I don't envy him recalling these and writing about them accurately. A little more of Ramirez himself living through it all would give the book some extra depth.

Ramirez's focus is on personalities, anecdotes and memorable events. I don't think anyone else could deal honestly with the Prost-Senna conflicts from up so close and show such fairness with both sides. Even the biggest names here come across as regular people -- but I think it's a reflection of the author's personality. He enjoyed his life in racing and has written a book that carries that enjoyment with it.

I'll most likely be reading this one a couple more times because I enjoyed Jo Ramirez's story so much

By Ray Mitchell

My only regret with this book is that I didn't buy it much sooner! I'm a life long F1 follower and have bought quite a few books about the sport over the years, but this one really paints a picture and puts the reader right in the middle of it. I'll most likely be reading this one a couple more times because I enjoyed Jo Ramirez's story so much.

Great Formula 1 Racing Book

By Ruben Contreras

I have read many racing books and also many Formula 1 books. I can only say this one is a must for anyone interested in Formula 1. Prominent racing events from 1963 through 2001 are described by the very well liked Mexican. Jo Ramirez knew every one from the Formula 1 team's mechanics all the way up to Ernie Ecclestone. This book is the best way to understand the very complicated personalities of Ayrton Senna and Ron Dennis from Mc Laren, as no one has described them so well before and he worked with them and also had a personal relationship with both. I will treasure my copy as the best racing book I own.
