John Pike Paints Watercolors

By Veggieval

I liked the examples in this book and especially the color schemes that he used. I think it definitely improved my water color technique, but of course you have to practise. I did do many of the examples and continue to use it as a reference when I am painting similar scenes as shown in the examples. I would recommend it to even a beginner water colorist.

Arrived in perfect condition.

By JLouG

Arrived on time. No problems with the order. Book in new condition. Included good examples of his work, how he went about doing the painting, what tools he uses. Full of informations the student can apply.
