Good but...

By James Felix

For many people and especially for most American fans Brian Bolland is THE Judge Dredd artist. This hefty book collects all his work in one very nice volume and should be appreciated by any fans of Bolland or Dredd.

However, if you're looking for an introduction to Judge Dredd and are unfamiliar with the stories in this book you should NOT buy it. As other reviewers have pointed out there were some crucial story arcs that Bolland only pencilled certain chapters of. Since this book collects work by Bolland and only Bolland the result is some maddenly incomplete stories. Anyone coming in fresh who tries reading this cover to cover is going to be very, very confused. Such newcomers would be much better off finding inexpensive back issues of the Judge Dredd comics published by Eagle back in the early 80's (the entire series of which could probably be bought for just a little more than the price of this book).

Highly Recommended for Bolland ART Fans

By Buffy

If you are a fan of Brian Bolland's artwork than this is a must-have collection. This is one of his pre-DC Comics efforts and it's nice to see his detailed artwork from page to page. The production of the book is

excellent with a sturdy hard cover, solid binding, and sharp reproductions. I personally find Judge Dredd stories to be OK, not great, not bad, and since this is a compilation of Briand Bolland artwork you will not always get complete story arcs. But that's fine with me since I bought this to look at Bolland's artwork. Another plus is that you get the artwork in clear black and white without coloring. This shows off Bolland's pencil and ink work much better imo. For Brian Bolland ART fans this is five stars and highly recommended.

Beautiful collection of Dredd comics by a great artist.

By Hwy61Joe

Brian Bolland is definitely a special artist and worthy of an over-sized, pricey book such as this. Buyers should be aware that this collection is definitely about the art and not the stories. Every page is art by Brian Bolland so in some cases you only get partial stories that originally appeared in 2000 A.D. I especially enjoyed the covers and pinups section at the back.
