Finally on Kindle

By invisiblgirl

I've been waiting ages for them to 'Kindlesise' the *Malory Towers* books - hopefully, the rest of the series will follow. (And please, not on Audible - I saw that 2nd Form is available on Audible, but I like to read books, not listen to them.)

I like the content of the book

By sara trembath

I like the content of the book, I've read the author before. The only problem was I had thought I had bought a six book set and I received a three book set. I might not have clicked on what I thought I clicked on so it may have been my mistake, it's just frustrating when you think you bought one thing and you get something else.

Great purchase, but not Hard Cover

By N. Vaidyanathan

This product ships from UK and made it super fast. I went with the seller "Bangzo" who had 5 star reviews. One thing to note though, the product was not "Hard Cover" as stated in the description but was paper back. I did receive all the 6 books though. Would have definitely preferred a hard bound since we wanted to hold on to these books for long :- (But still a good buy, considering these are hard to find in the US.(The 4 stars since the description didn't match)
