Amazon.com Review

Muhammad was born in 570 CE, and over the following sixty years built a thriving spiritual community, laying the foundations of a religion that changed the course of world history. There is more historical data on his life than on that of the founder of any other major faith, and yet his story is little known.

Karen Armstrong's immaculately researched new biography of Muhammad will enable readers to understand the true origins and spirituality of a faith that is all too often misrepresented as cruel, intolerant, and inherently violent. An acclaimed authority on religious and spiritual issues, Armstrong offers a balanced, in-depth portrait, revealing the man at the heart of Islam by dismantling centuries of misconceptions. Armstrong demonstrates that Muhammad's life—a pivot point in history—has genuine relevance to the global crises we face today.

From Booklist

Armstrong's second biography of Islam's prophet is lucid and stylish, never condescending. It puts the best face possible on its subject. The Muhammad it projects gave his followers "a mission: to create a just and decent society, in which all members were treated with respect." Moreover, Armstrong's Muhammad behaved justly and decently while he lived, though perhaps a bit according to the stringent standards of Arab culture at the time. He taught tolerance toward Jews and Christians. Never mind--Armstrong doesn't--about

denials of civil equality to non-Muslims and fulminations about them as "infidels." The Jewish clan whose men were exterminated after a particular battle? It wasn't that they were Jews but that they were traitors, and it wasn't Muhammad who decided they should be executed. The fact that, after declaring that Muslim men could have no more than four wives, Muhammad himself exceeded the limit? Hey, a leader has to make alliances with other groups. A nicely written book, but don't let it be the only biography of Muhammad you read. Ray Olson

Review

Karen Armstrong's sympathetic profile paints a portrait of a very human prophet (Wall Street Journal)

A good glimpse of how the vast majority of the world's Muslims understand their prophet. (New York Times)

Respectful, knowledgeable, and, above all, readable. It succeeds because [Armstrong] brings Muhammad to life as a fully rounded human being. (The Economist)

This book has the ability to open minds and hearts to the beauty and truth at the Source of one of the world's great religions.

By Cosmic Cowgirl

What a fabulous piece of research and writing! Reading this book has expanded my understanding of Islam and the Prophet in huge ways, far beyond the fear-producing aspects promoted so often these days and to which I'd reluctantly fallen prey. How can anyone have real knowledge of the historical record and not realize that Muhammad's words for his people have broad applicability to many of the social problems that face us now in the western world? Karen Armstrong's book is a blessing for those who have the willingness to read it. This book has the ability to open minds and hearts to the beauty and truth at the Source of one of the world's great religions. Thank you, Karen.

Text required for a college course. This edition was perfect.

By Steve Vigus

This book was required for a college course. It's well written, but it was, frankly, a required purchase. Thanks to Amazon for making it easy and affordable to purchase.

An Objective Account

By Amazon Customer

Well written & neutral whilst avoiding the various controversial & unsubstantiated claims that many these days make. As a result it is a work that gives one a solid overview of the man & his character.

A must read for anyone looking to understand Islam rationally & objectively.
