Pretty weak on content

By J. Coil

I recently purchased 3 books on predator calling and this book was definately the least useful. It takes an over simplitic approach to the subject and lacks details. If your looking for details about sets, calling, habitit ad in depth info about what coyotes are about then this isn't the book for you. If you have never been hunting and want to try predator calling this book may have some merit.

Well written and beautiful photography

By R. BLAKE

Owning many books on Predator Hunting, I personally regard this book at the top of my list of favorites. Beautiful photographs and extremely well written.

Good for the Predator in US

By jim in NC

More tips on hunting predators, never can have enough.

I use this book to keep up with tracks and how to not become too familiar.
