It is so big and the words are not easy to read

By Amana

I think there is something fishy about this product, because my colleagues get the same version from the same source for half what I paid plus it is not intended for distribution outside South Asia as this was written in its cover,

The paper material is not good and the words are very small

So happy I finally got it!

By Katie51

Best rep book wise you could buy. I actually gave away my older rep after getting this because this one is much more complete!
