I like it

By MonroeFanatic

I enjoy this book. this is the book only but you can get some type of audio that goes with the book, but i have no clue where. if you don't have any knowledge of the language then I would try and find some audio to familiarize yourself with the way letters sound because its tricky trying to make sense of the examples in the book.

Finnish is difficult.

By Two in a Shoe

I used this book to familiarize myself with basic grammar and a few dozen words. Having the tapes as well would have been better.

Nein nicht so gut

By C. Long

It is okay, I thought it came with a CD, but it didn't, once again I didn't do my homework, the only way to learn a language with a book is to have a learning CD and the words, helps much better!
