Your Pocket Reference

By WMR

Wonderful and reasonably comprehensive resource, with illustrations and relatable meanings. Short and to the point, not like some symbol dictionaries, which are thoroughly informative, but make it difficult to get to the essence of possible meaning.

0 of 10 people found the following review helpful.

The Herder Dictionary of Symbols: Symbols from Art, Archaeology, Mythology, Literature, and Religion

By Claire Tremblay

This book has been very good resource for some art work that I am producing.

41 of 47 people found the following review helpful.

Great little reference guide for the graphic designer

By A Customer

This book should be on the reference shelf of anyone designing or evaluating logos. It is compact and packed with information on shapes, images and symbols from the perspectives of cultures around the world - from prehistory forward. It is illustrated and cross-referenced. Grab it several times throughout the design process to make sure you are on target with the symbolism inherent in the shapes and images you are using in your designs. Great value.
