You might not fret not to locate your referred book to check out. This The Plan By Stephen J. Cannell is one of them.

From Publishers Weekly

This first novel from TV writer/producer Cannell concerns a Mafia attempt to put a puppet leader in the White House.

Copyright 1996 Reed Business Information, Inc.

From Library Journal

Successful television producer Cannell (The Rockford Files, The A-Team) has turned his many talents to the field of novel writing. His first effort is the story of a chaotically arranged attempt to subvert justice and place a mobster-backed nominee in the White House. Mickey Alo, the mastermind behind the plan, elicits the assistance of childhood pal Ryan Bolt, recently down on his luck. However, Ryan soon sees beyond the sham and, closely aided by Mickey's sister Lucinda, sets off to uncover the sinister plot. With lots of "shoot-'em-up" scenes and a liberal sprinkling of vulgar language, The Plan would make a better TV movie than an audiobook. Indistinguishable characters and an incoherent and weakly contrived plot make this abridgment, which is narrated by the author, a marginal purchase for public libraries. Gretchen Browne, Rockville Centre P.L., N.Y.

From Booklist

Hollywood script crafters are routinely making the transition these days to fiction writing--some more successfully than others. Cannell, whose TV creative credits include The Rockford Files and The Commish, is one of the successful ones, offering an action-packed page-turner of a first novel. Ryan Bolt and Mickey Alo have been friends since boyhood, but two more different personalities would be hard to find. Ryan is a laid-back Californian who's coasted through life on good looks and charm, while dumpy, swarthy Mickey, son of a Mafia don, has used charisma and his father's connections to get where he is. Approaching middle age, Ryan is faced with a series of personal crises, including his son's death and a failed career. Enter Mickey, who offers Ryan a job working on the campaign of presidential candidate Haze Richards. Ryan gratefully accepts, but he soon senses that Richards is merely a puppet and that there's some sinister purpose--masterminded by Mickey--behind the sham candidacy. Ryan is determined to stop the charade, but first he'll have to confront the power-mad, menacing Mickey, whose loyalty to Ryan flies in the face of blind ambition. Even though the dialogue is littered with sound bites, the blow-'em-up, shoot-'em-up escapades require superhuman survival skills, and the characters are a long way from well rounded, most readers won't mind. Cannell leaves 'em begging for more with a story that's pure entertainment from the first attention-

grabbing page to the last. Emily Melton

Split Decision

By D. Hern

When Stephen J Cannell is good, he's very good. When he's bad, well.... When he's bad he gives every single, minor, one-page character a nickname. It gets rather distracting when it descends to the Joseph "Joe" Green level.

When he's good, he writes action sequences that grab you immediately and pull you into the book. Most of them are written well enough that it's easy to suspend your disbelief and just go along for the ride. And what a ride it is. Very fast-paced all the way through. The last 1/3 was a bit on the convoluted side, but not enough to make me stop reading.

Not for the faint of heart. If you have problems with graphic violence, best skip this one. A whole lot of people are deleted violently on both sides of The Plan.

While I would not rate this book as a standout, it did hold my interest and keep me turning pages. This was his first novel. I'll be reading more Cannell in the near future.

Politics Meets the Mob

By Untouchable

`The Plan' is hatched by the Mafia to back a presidential candidate and get him elected in order to use him as a puppet once he's in power. They don't like the RICO Act which essentially says that anyone with prior knowledge of a crime is deemed to be as guilty of the crime as the person who perpetrated it. They're keen to find a way to get the act overturned and this is the solution they have come up with.

The two main protagonists are a couple of friends who had met at prep-school. Mickey Alo from New Jersey is the son of a mafia boss who will take over from his father when he dies and Ryan Bolt who lives in California and is an award-winning writer / executive producer. Ryan becomes involved with Mickey after being asked to do a documentary on his candidate. Things turn sour between the two ex-friends which ultimately casts them as enemies in the story. From this point on we are treated to two storylines, a presidential campaign in full swing, and a deadly hunt where only violence is the sure outcome.

The action is fast-paced and I felt compelled to keep reading long into the night. If you enjoy books about the supposed behind the scenes action of a presidential race mixed with a bit of mob involvement and can handle a bit of violence, I think you'll enjoy this book.

story takes a fall and never recovers

By John Doe

For the first 250-300 pages the story is rather entertaining. After about halfway through the story the writing becomes weaker and will bounce around (but never recover)as totally unrealistic scenes get typed out by

desperate fingers.

Some of the characters are given outrageous (and useless) nicknames and the text is sprinkled with words and phrases that could have been left out.
