One of them is this *The Slippery Slope (A Series Of Unfortunate Events, Book 10)* By Lemony Snicket that can be your partner.

Amazon.com Review

What would you do if you found yourself trapped in a runaway caravan hurtling down a precipitous mountain slope? Fourteen-year-old Violet, the oldest orphan of the three Baudelaires, decides to try to slow the velocity of the caravan with a drag-chute invention involving a viscous combination of blackstrap molasses, maple syrup, maraschino liqueur, peanut butter, etc. If plummeting to their death weren't scary enough, Violet and her brother Klaus have been separated from Sunny, their baby sister who is in a car headed in the opposite direction up the mountain with the "facinorous" Count Olaf, his "villainous and stylish" girlfriend Esmé Squalor, and their creepy sidekicks. Do Violet and Klaus find Sunny on the mountain? How will they survive the treacherous, snow-covered peaks with not much more than a ukulele and a bread knife, especially in the face of the "organized, ill-tempered" snow gnats? Will they finally unearth the mystery of the V.F.D.? Will they find out if one of their parents is alive after all? The suspense! As ever, the Baudelaires' unfolding tale of woe is sprinkled with Lemony Snicket's ridiculous, hilarious observations such as "Fate is like a strange, unpopular restaurant with odd waiters who bring you things you never asked for and don't always like." The tenth book in *The Series of Unfortunate Events* takes readers through the Mortmain Mountains to the churning waters of the Stricken Stream with all the coexistent horror and silliness a Snicket fan could hope for along the way. (Ages 9 and older) --Karin Snelson

From Booklist

Gr. 3-5. It's clear throughout that Snicket hasn't lost his sense of the absurd or his momentum in this "Book the Tenth." As in previous episodes, the adventures of the Baudelaire sibs spin out with the zest and cliff-hanger dramatics of old-fashioned serials. Left hurtling down a mountain at the close of *The Carnivorous Carnival* (2002), Klaus and Violet concentrate here on saving themselves; rescuing baby Sunny, who is once more in the clutches of the evil Count Olaf; and continuing their campaign to put a stop to Olaf's evil doings once and for all. Of course, they have their work cut out for them, but with a surprising ally, they stumble through the usual assortment of clues and secret messages that actually seem to get them one step closer to their ultimate goal. Characters are true to form, ridiculous and fun, and, once again, the wry telling is pitch-perfect, with plenty of the joyful wordplay and the quirky imaginative touches Snicket's legions of fans expect. THE SLIPPERY SLOPE (A SERIES OF UNFORTUNATE EVENTS, BOOK 10) BY LEMONY SNICKET PDF

Like bad smells, uninvited weekend guests or very old eggs, there are some things that ought to be avoided.

Snicket's saga about the charming, intelligent, and grossly unlucky Baudelaire orphans continues to alarm its distressed and suspicious fans the world over. The 10th book in this outrageous publishing effort features more than the usual dose of distressing details, such as snow gnats, an organised troupe of youngsters, an evil villain with a dastardly plan, a secret headquarters and some dangerous antics you should not try at home. With the weather turning colder, this is one chilling book you would be better off without.

What is a busheney?

By Jennings Thurmond

The absolute best part of this book is the evolution of Sunny from a rope-chewing baby into a gourmet cook whose deft one-word insults not only land undetected by villains but also on certain politicians in real life. Check out page 107 for the definition of "busheney"! I would love to make a list of the great words coined by Sunny in this book; it makes all the other characters seem dull. Count Olaf doesn't wear any disguises. Violet's inventions are predictable. Most of the brainpower is supplied by Quigley Quagmire, not Klaus. And I heartily applaud the return of Carmelita from the "Austere Academy". She will have some great scenes in the next installment now that she has joined Esme and Count Olaf. Cakesniffers!!

2 of 3 people found the following review helpful.

don't read this book under any circumstances

By A Customer

Just kidding. Although the author warns the reader amply against reading this book, I don't happen to agree. But do read at least a few Snicket books first, so you'll have some idea of what's going on (this is the latest in

a long series).

Briefly, it continues the adventures of the hapless Baudelaire orphans, Sunny, Klaus and Violet. The last two are separated from their baby sister Sunny, who is forced to cook and clean for Count Olaf's troop on a snowy mountain. Meanwhile Violet and Klaus meet a surprising companion who helps them further decode the mystery of VFD. They get closer to solving the questions of whether one of their parents survived in the fatal fire of Book One. Oh, and the nastiest girl in the world Carmelita Spats from "The Austere Academy" makes an appearance. Little does she know, she might soon be in the Baudelaire's shoes - an expression which means "in a very unpleasant similar situation."
